Delta Construction Company

Welcome To :

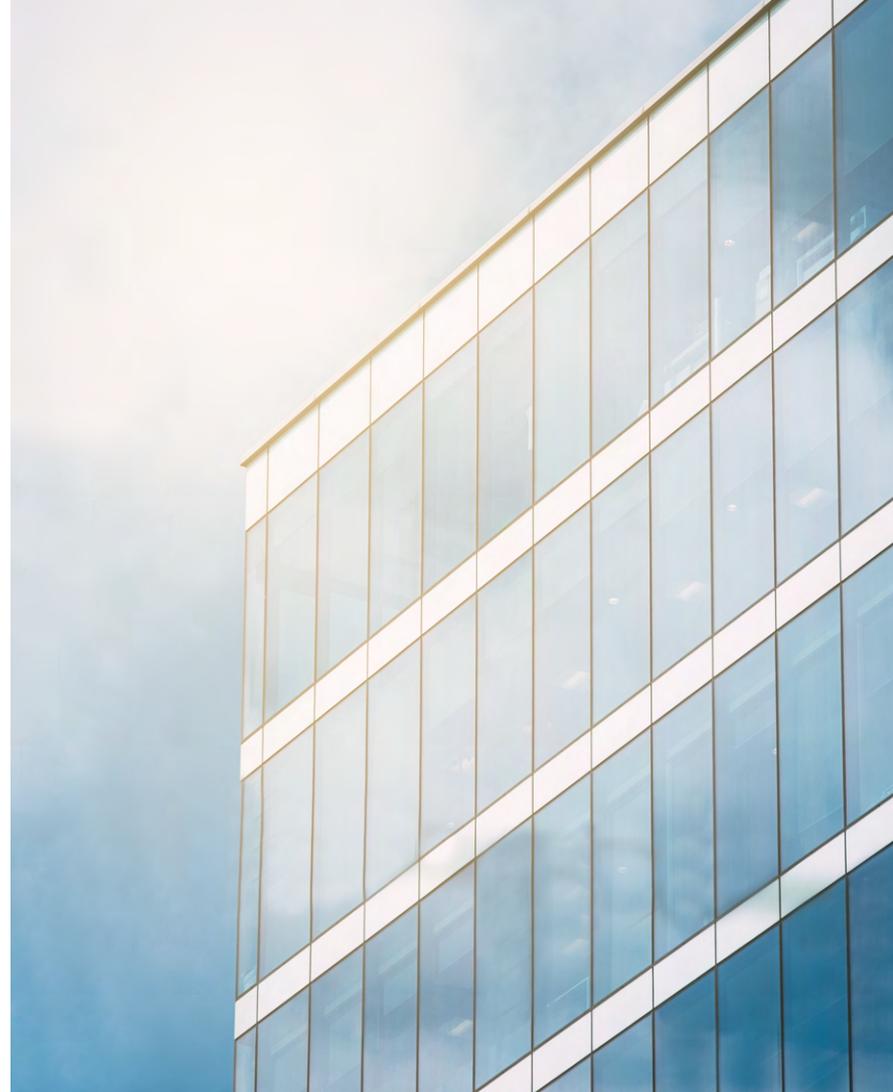

Delta Construction Company, where excellence in construction is our driving force. As a premier construction company with a stellar reputation, we are committed to delivering exceptional results that exceed our clients' expectations. With a wealth of experience and a dedicated team of professionals, we specialize in providing top-quality construction services for a diverse range of projects.

At Delta Construction Company, we understand that every construction endeavor is unique, requiring a personalized approach and attention to detail. Whether it's a residential, commercial, or industrial project, we have the expertise and resources to handle it with utmost precision and efficiency. Our team consists of highly skilled architects, engineers, project managers, and craftsmen who are passionate about their craft and committed to delivering excellence in every aspect of construction.

One of the key pillars of our company is our unwavering commitment to quality. We firmly believe that the foundation of a successful project lies in the quality of its construction, and we leave no stone unturned in ensuring that each project is executed to the highest standards. From meticulous planning and innovative design to superior materials and skilled craftsmanship, we prioritize quality at every stage of the construction process.

In addition to our dedication to quality, we are also deeply committed to client satisfaction. We recognize that our clients place their trust in us, and we strive to not only meet but exceed their expectations. We work closely with our clients, listening to their needs, understanding their vision, and collaborating with them throughout the project to ensure their objectives are achieved. Our transparent communication, timely delivery, and cost-effective solutions have earned us the trust and loyalty of numerous satisfied clients.

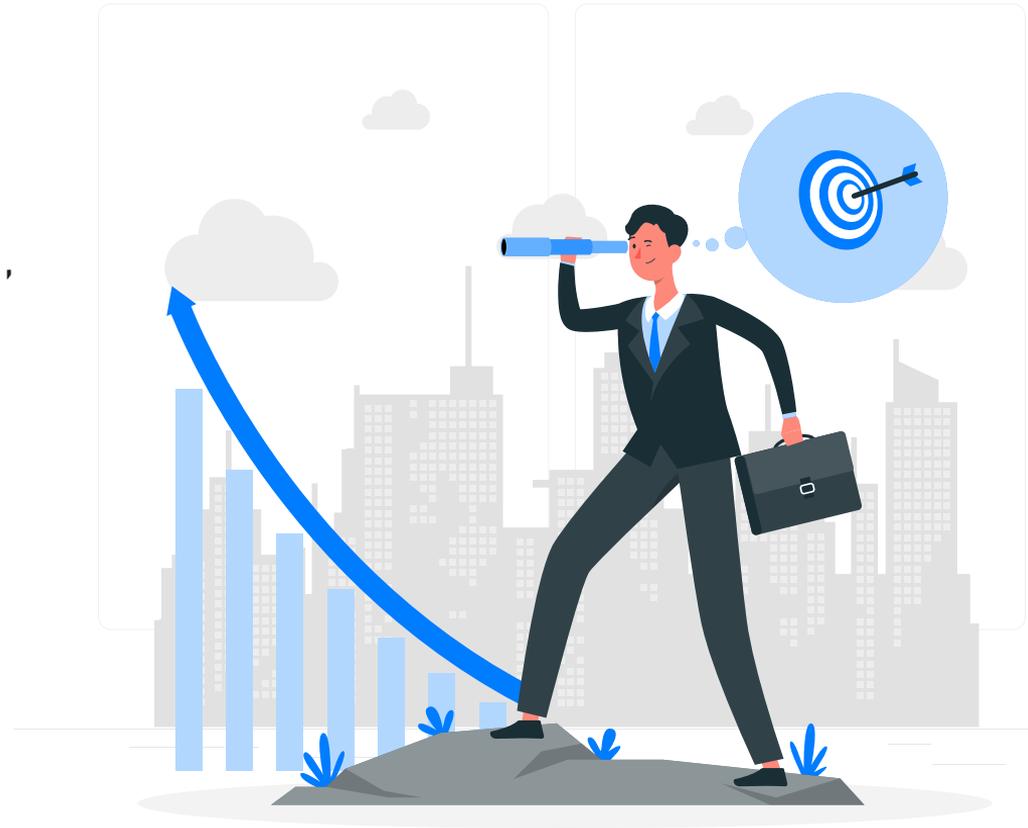

As a socially responsible construction company, we are also mindful of our impact on the environment. We actively incorporate sustainable practices and innovative technologies into our projects, minimizing our ecological footprint while maximizing energy efficiency and durability. By prioritizing environmentally friendly construction methods, we contribute to a greener future and the well-being of the communities we serve.

Whether you're planning a new construction project, a renovation, or an expansion, Delta Construction Company is your trusted partner. We bring expertise, reliability, and a passion for excellence to every project we undertake. Contact us today to discuss your construction needs and experience the Delta difference firsthand.

Vision:

Our vision at Delta Construction Company is to be the leading provider of construction services, renowned for our exceptional quality, innovation, and client satisfaction. We strive to be the preferred choice for customers seeking excellence in construction, and to leave a lasting positive impact on the built environment and the communities we serve.

Mission :

Our mission at Delta Construction Company is to deliver outstanding construction solutions that exceed our clients' expectations. **We are dedicated to:**

Quality: We are committed to upholding the highest standards of quality in every aspect of our work. From design to execution, we employ rigorous processes and employ skilled professionals to ensure that our projects are built to stand the test of time.

Innovation: We embrace innovation and continually seek out new technologies, materials, and construction practices to enhance the efficiency, sustainability, and value of our projects. We aim to be at the forefront of the industry, driving positive change and setting new benchmarks for excellence.

Client Satisfaction: Our clients are at the heart of everything we do. We listen to their needs, collaborate closely, and provide personalized solutions to ensure their satisfaction. We believe in building strong long-term relationships with our clients based on trust, transparency, and open communication.

Professionalism: We conduct ourselves with the highest level of professionalism, integrity, and ethical standards. We value teamwork, respect, and open dialogue, fostering a positive and supportive work environment that brings out the best in our employees.

Environmental Stewardship: We are committed to minimizing our environmental impact and promoting sustainable construction practices. We integrate environmentally friendly solutions, promote energy efficiency, and prioritize the use of renewable materials to contribute to a greener and more sustainable future.

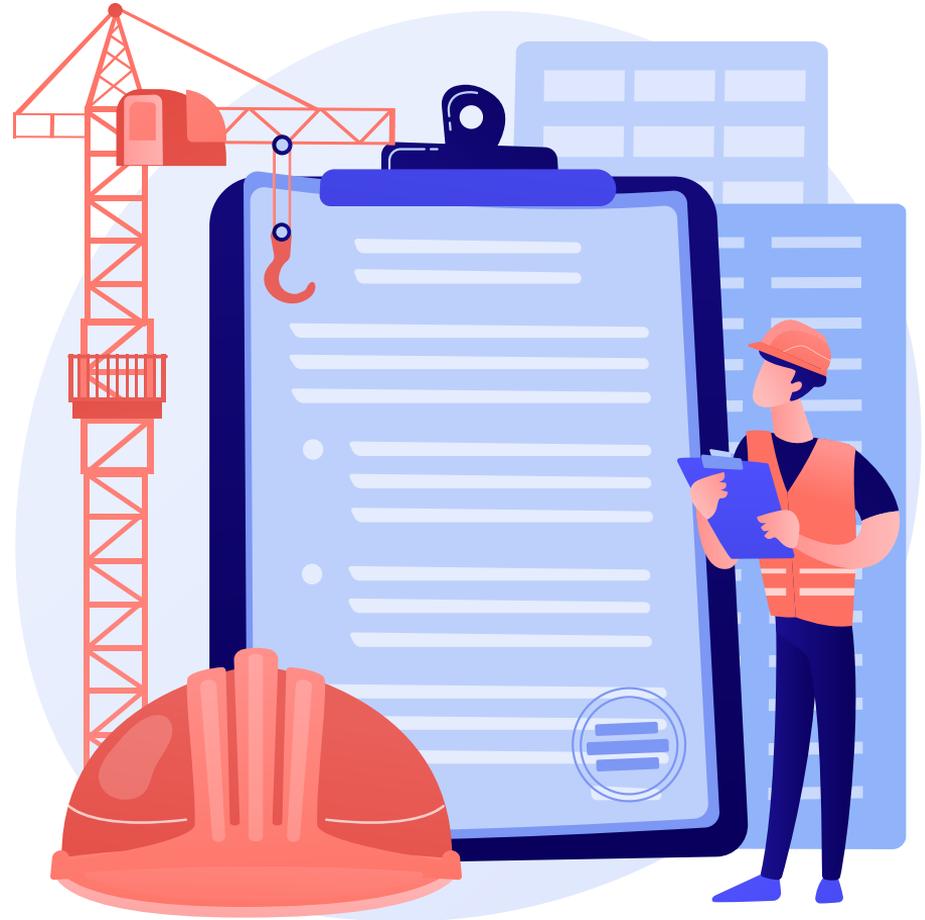

Community Engagement: We actively engage with the communities in which we operate, recognizing our social responsibility. We strive to create positive change by supporting local initiatives, promoting diversity and inclusion, and giving back through philanthropic efforts.

By adhering to our mission and upholding our core values, we aim to be a trusted partner in construction, delivering exceptional results that enhance the built environment and leave a lasting legacy of excellence.

Safety and Quality Management :

At Delta Construction Company, safety and quality management are paramount in everything we do. We prioritize the well-being of our employees, subcontractors, clients, and the general public, ensuring that our construction sites are safe, and our projects meet the highest standards of quality.

Safety Management :

Safety Culture: We foster a strong safety culture throughout our organization, promoting awareness, accountability, and proactive measures to prevent accidents and injuries. Our employees undergo regular safety training and are empowered to identify and mitigate potential hazards.

Risk Assessment: We conduct thorough risk assessments for each project, identifying potential safety hazards and implementing comprehensive strategies to minimize risks. We adhere to local regulations and industry best practices to create safe working environments.

Safety Protocols: We implement stringent safety protocols on all our construction sites, including proper use of personal protective equipment, adherence to safe work practices, regular equipment inspections, and effective communication of safety guidelines to all stakeholders.

Continuous Improvement: We continuously review and improve our safety management systems, analyzing incident reports and near misses to identify areas for enhancement. We believe in a proactive approach to safety, striving for zero accidents and promoting a culture of continuous learning.

Quality Management :

Quality Assurance: We have robust quality assurance processes in place to ensure that our projects meet or exceed the highest industry standards. We maintain meticulous attention to detail and conduct regular inspections to ensure that every aspect of construction aligns with the approved plans and specifications.

Quality Control: Our dedicated quality control team monitors and verifies the quality of materials, workmanship, and construction techniques throughout the project lifecycle. We utilize modern technology and advanced testing methods to ensure compliance with quality standards and deliver superior results.

Supplier and Subcontractor Management: We work closely with trusted suppliers and subcontractors who share our commitment to quality. We carefully select partners who demonstrate a track record of delivering high-quality materials and services, ensuring that our projects benefit from the best available resources.

Documentation and Record Keeping: We maintain comprehensive documentation and records for each project, including material specifications, inspection reports, and quality control documentation. This ensures traceability and accountability, facilitating efficient project management and future maintenance.

Customer Satisfaction: Client satisfaction is a key measure of our quality management success. We actively seek feedback from our clients throughout the construction process and address any concerns promptly. We strive to not only meet but exceed our clients' expectations, delivering projects that meet their vision and requirements.

By integrating robust safety and quality management systems into our operations, we ensure that our projects are not only delivered on time and within budget but also meet the highest standards of safety and quality. We are committed to continuous improvement and innovation in these areas, driven by our unwavering dedication to the well-being of our stakeholders and the delivery of exceptional construction projects.

The scope of works at Delta Construction Company encompasses a wide range of construction services tailored to meet the diverse needs of our clients. Our comprehensive capabilities enable us to handle projects of varying complexities, sizes, and sectors. Here are some key areas within our scope of works:

Residential Construction: We specialize in constructing high-quality residential properties, including single-family homes, apartments, condominiums, and townhouses. Our expertise covers all stages of residential construction, from site preparation and foundation work to interior finishing and landscaping.

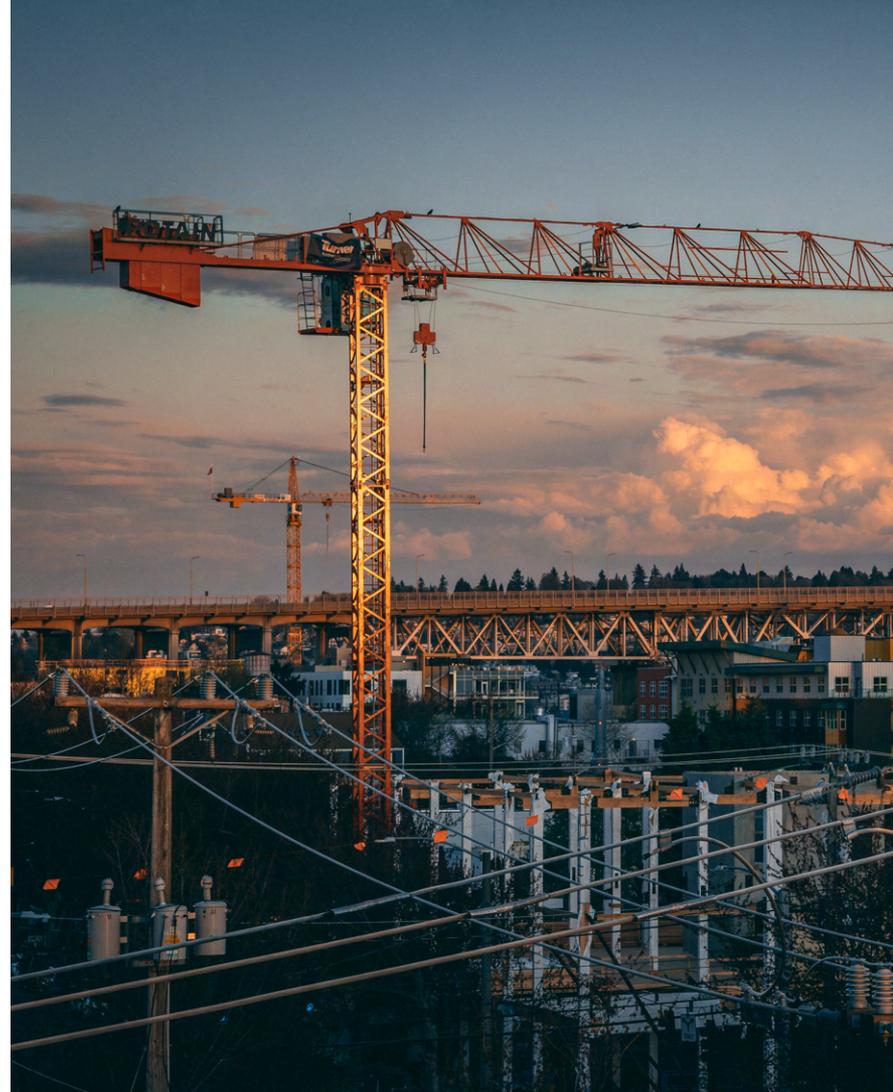

Commercial Construction: We have extensive experience in commercial construction, delivering projects such as office buildings, retail spaces, hotels, restaurants, and mixed-use developments. Our commercial construction services encompass architectural design, structural engineering, MEP (mechanical, electrical, and plumbing) systems installation, and interior fit-outs.

Industrial Construction: Delta Construction Company is equipped to handle industrial construction projects, including manufacturing facilities, warehouses, distribution centers, and industrial parks. We focus on optimizing functionality, efficiency, and safety within industrial environments, adhering to industry-specific regulations and standards.

Renovation and Remodeling: Our skilled team excels in renovation and remodeling projects, breathing new life into existing structures. Whether it's renovating a residential property, revamping a commercial space, or restoring a historical building, we provide comprehensive services encompassing design, structural modifications, finishes, and upgrades.

Infrastructure Projects: We undertake infrastructure projects that contribute to the development and improvement of communities. This includes the construction of roads, bridges, tunnels, water and wastewater treatment plants, public transportation systems, and other vital infrastructure elements.

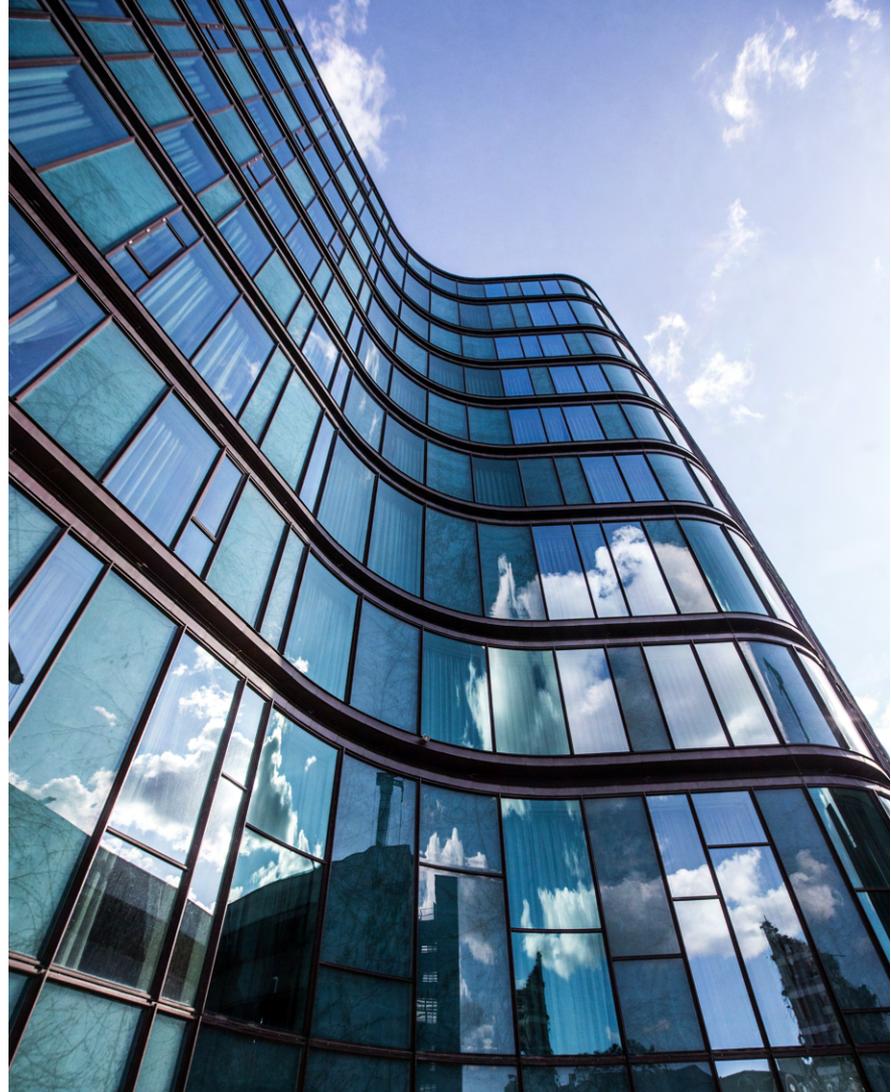

Sustainable Construction: Delta Construction Company is committed to promoting sustainable construction practices. We integrate environmentally friendly solutions, such as energy-efficient designs, renewable energy installations, green building materials, and water conservation measures, to minimize the ecological impact of our projects.

Project Management: We offer comprehensive project management services to ensure the seamless execution of construction projects. Our dedicated project managers oversee all aspects of the project, including planning, scheduling, budgeting, procurement, quality control, and coordination among various stakeholders.

Design-Build Services: As a design-build contractor, we provide integrated design and construction services. Our in-house team of architects, engineers, and designers collaborate closely to deliver efficient and cost-effective design-build solutions, streamlining the project timeline and enhancing communication between all parties involved.

At Delta Construction Company, we understand that every construction endeavor is unique, requiring a personalized approach and attention to detail. Whether it's a residential, commercial, or industrial project, we have the expertise and resources to handle it with utmost precision and efficiency. Our team consists of highly skilled architects, engineers, project managers, and craftsmen who are passionate about their craft and committed to delivering

Saudi Aramco E-Reference No. 0006326

Registration Approval Letter

Attention : DELTA CONSTRUCTION COMPANY ONE PERSON COMPANY

CR Number : 1010347194

Supplier Type: Service Provider Only

Country : Saudi Arabia

We are pleased to inform you that DELTA CONSTRUCTION COMPANY ONE PERSON COMPANY is now registered in the Saudi Aramco Supplier Management System under Vendor Code No. 10110096, provided your company continues to meet all relevant Saudi Arabian and Saudi Aramco standards.

This registration, however, should not be construed as a commitment by Saudi Aramco to procure from you. Being registered as a supplier only grants your company the opportunity, along with other registered sources, to respond to requests for submitting proposals in accordance with Saudi Aramco's established policies and procedures. All procurement instruments including but not limited to service contracts, purchase agreements, or purchase orders will be issued based on the name and address included in your commercial registration (CR), as stated in your Supplier Registration.

Saudi Aramco wishes to remind you that being recognized as a supplier carries with it serious obligations and responsibilities to act in a legal and ethical manner. We wish to remind you of the Saudi Aramco Supplier Code of Conduct (SCOC) which you acknowledged. Failure to abide by the principles set forth in the SCOC can result in adverse actions being taken by Saudi Aramco against you including suspension of you as a supplier. Saudi Aramco also expects each of its suppliers to satisfy each of the requirements of any procurement instrument which might be placed and to act responsibly and reliably as a supply chain supplier.

Material Suppliers should apply for Saudi Aramco Supplier Portal access by forwarding a request to portal-registration@aramco.com. The Supplier Portal is the main electronic business tool used between Saudi Aramco and its suppliers and serves to improve the flow and accuracy of key supply chain information.

For further information or assistance please contact the Saudi Aramco Supplier Help Desk by forwarding a request to SupplierHelpDesk@aramco.com or via the unified call center 800-116-1168 for In-Kingdom suppliers or +966 (11) 290-8950 for Out-of-Kingdom suppliers.

Moamar Khazal Al Usaimi, Supervisor
Supplier Registration Unit
Supplier Relationship Management Div

It is the responsibility of the supplier to update Saudi Aramco Supplier Registration Profile through Ariba for the following:

1. Change of Name / Commercial Registration Number / Address / Owner(s)
2. Any change of the supplier location
3. Discontinue supply of approved commodities (9COMs and 9CATS)

This is an electronically generated letter by Saudi Aramco. To verify Supplier approval status, please contact Supplier Help Desk at supplierhelpdesk@aramco.com
